Collector of Internal Revenue Carl J. Waechter will be at the Central Bank in Niles next Monday from 10 a. m. to 3 p. m. to help farmers make up their income tax returns ready for filing December 15 or before. As farmers did not file an estimated return on September 15, as wage-earners did, it is now compulsory for farmers to file their estimated income next month. The Collector will be glad to assist farmers in making out their returns.

In addition, wage-earners who underestimated their 1943 income by 20 percent or more when they filed on September 15 are also required to prepare and file a corrected estimate on or before December 15, Manager R. A. Blacow advises this newspaper.

WAR CHEST DRIVE GAINS MOMENTUM IN THIS STATE

SAN FRANCISCO — Campaign totals in the California War Chest drive now under way in approximately 1,000 communities throughout the state soared to $12,000,338 this week as the climax in the state-wide appeal approached.

Seven of the state's 58 counties have reached campaign goals, while 12 other counties have passed the 75 percent mark. Reports from Oakland, San Diego and Fresno show total funds raised rapidly nearing quotas toward which the cities are working. The San Francisco War Chest has filled 76 percent of its $3,973,525 quota, and the Los Angeles Area War Chest is making rapid progress with $3,100,000 chalked up at its second report meeting toward a $6,805,059 total goal.

Ralph T. Fisher, president of the California War Chest, urged increased effort on the part of the estimated 150,000 vounteer workers who are seeking funds throughout the state.

Mrs. L. S. Green of Niles celebrated her 50th birthday on Thursday, November 18. She received many beautiful gifts. Those present were: Mr. and Mrs. Ken Green, Mrs. Lucinda Martin, Mr. and Mrs. Charlie Rilea, Mrs. Carrie Martin, Miss Mary Martin, Mr. and Mrs. L. S. Green and daughter Marion.

BOARD WARNS CIVIC GROUPS ON USE OF FOOD

Rationed foods are rationed because they are scarce and social, civic and religious groups are asked to keep this in mind when planning large affairs, the food panel of the Washington Township Rationing Board suggests.

If food must be served as has been customary in the past, non-rationed foods should be used or those attending should share their rationed stores for the meal, says E. D. Bristow, chairman of the food panel.

Penalties imposed by the gas panel this week include Louis Inderbitzen of Irvington, 30 day suspension for traveling 58 miles per hour, Joe S. Faria of Newark, surrendered five coupons for 65 miles per hour, S. C. McNulty of Newark, two coupons, 50 miles. Edward Bernard of Niles surrendered three coupons for loss of A book.

OFFICERS URGE YOUR SUPPORT OF WAR CHEST

SAN FRANCISCO —Statements urging enthusiastic support of the California War Chest drive now under way in approximately 1,000 communities in the state have been issued by Lieutenant General Delos C. Emmons, commanding general of the Western Defense Command, and Vice Admiral J. W. Greenslade, commandant of the Twelfth Naval District.

Emphasis was placed in both statements on the importance of work carried on for service men by USO and War Prisoners Aid.

"California's War Chest supports 17 relief agencies, all of them vital," General Emmons declared. "Among them are the USO, the War Prisoners Aid and other philanthropic organizations of great value to the war effort.

"The War Prisoners Aid (YMCA), for example, provides books, athletic equipment and musical instruments for our prisoners of war —helps make internment a period of spiritual and mental growth rather than a time of physical and mental deterioration."

CENTERVILLE — After expressing a unanimous opinion favoring construction of a swimming pool at the Washington Union High School when materials and labor are available, the coordinating council has asked reactions from organizations represented by council members.

These opinions will be reported at the January meeting. The action followed discussion of importance of knowledge of swimming to boys now in the armed forces and the suggestion was made that the pool to be designated as one of the district's first post-war projects, be made available to grammar school pupils.

Council members were also asked to assist school authorities in informing new residents of California of the compulsory school attendance law.

Two new members introduced to the council were Mrs. Rose Vieux, representing the Business and Professional Women's Club of Washington Township, and Guy Householder, supervisor of physical education and attendance for Alameda County.

TENANTS MAY NOT PAY BONUSES TO LANDLORDS

The Office of Price Administration today warned that it is illegal for tenants to pay a bonus directly or indirectly to landlords above ceiling rentals in order to obtain living quarters.

The warning was prompted by advertisements in which bonuses are offered by people searching for homes and apartments.

Acceptance of such a bonus by landlords, the OPA said, also constitutes a clear violation of regulations governing rent control and is subject to court action.

TOWNSHIP CENTER NAMES CROP BOARD AT RECENT MEET

CENTERVILLE — With a record attendance 100 members of the Washington-Eden Farm Center met at the Washington Union High School to install officers and elect the community committee which is to assume largely executive duties of the U. S. D. A. War Board.

The committee election conducted by George Goodale, executive secretary of the war board, named Herbert Munster and Loren Eden of Hayward, Fred Lewis, Manuel Bernardo and Manuel Almeida. A similar committee elected by the Livermore-Pleasanton Center will meet with local men to choose a county committee of three to administer rationing of farm machinery, act on the subsidy program and other matters formerly assumed by the war board. The board will act in an advisory capacity, according to Tom Morrison, farm adviser and board executive in charge of labor. The above committee functioning under the Triple A program will give farmers more control of farm matters.

Franklin Brown of Newark and Richard Kennedy of Hayward were installed as president and secretary by Jeryl Fry, president of the Alameda County Farm Bureau.

Anthony Silva, Mrs. Joe Williams and Mrs. Adeline Santos were appointed to investigate possibilities of installing a community canning unit which would enable housewives on a co-operative basis to process meats, vegetables and fruits in tin cans. FOLIES BERGERE OPENS TUESDAY AT WINTERLAND

Scores of the world's most gorgeous girls, a huge company of famed vaudeville stars, new settings, costumes, music and lights, have been blended together for the world premiere engagement of the Folies Bergere of 1944, which opens at Winterland in San Francisco, Tuesday, November 30.

Clifford C. Fischer, impressario of the Folies Bergere, is personally directing production of what he states will be "the greatest of all Folies."

The world-famous showman has been in San Francisco for weeks to advise in the transformation of Winterland, which has housed the dazzling Ice Follies, from its Arctic atmosphere to scenes of French gayety.

Fischer's great new two-and-a-half hour show, with some of the best known names of vaudeville and scores of beauties in a cast of 120, will be presented nightly on the entire floor surface of Winterland, backed by a huge stage. The great new show will present twelve giant scenes.

Some of the best known stars of vaudeville will frolic through the two and one half hours of French gayety:

Malcia, saucy little dancer who appeared in the Folies Bergere at Treasure Island in 1939, Barto and Mann, stars for three years in the "Hellzapoppin" show, the Cristiani's world famous exhibition riders, the Shyrettos and their daring feats on one wheel bicycles, Willie, West and McGinty, clown carpenters, Truzzi, sensational juggler, Jean Devereaux, the spinning ballerina, Ardelty, daring trapeze artist, Monroe and Grant, performers on the trampeline, Rollo and Verna Pickert and their tap dancing on stilts, and Harry Ritley who stacks seven tables in the air and stands on them, are but a few of the stars of the world premiere.

Tickets for the Folies Bergere are now on sale at Winterland, Post and Steiner Streets, San Francisco, 15 and at Sherman Clay box offices in San Francisco and Oakland.

Alameda County received $5,-104.15 during the month of September in proceeds from public auction sales of taxdeeded properties conducted by County Tax Collector, Earl J. Twomey. One sale of a large tract in Newark netted $4,170.05, while two other sales involving 15 lots brought in $934.10, according to a report filed with the Board of Supervisors by Twomey. These properties had been deeded to the State of California prior to 1942 and taxes remained unpaid for more than five successive years resulting in the auction sales as provided by law.

EXPRESS YOUR THANKSGIVING BY BUYING WAR BONDS!

The coming Thanksgiving Day has a new meaning this year.

Northern California's War Finance Committees are completing plans for the Thanksgiving for America observance.

The period runs from Sunday, November 21, through Thanksgiving Day, November 25, and is sponsored by the Treasury Department.

Theme of the appeal to citizens is the practical way they can express their thankfulness for the blessings of American democracy by investing in War Bonds.

SCHOOL ENROLLMENT GAINS IN COUNTY

There were 8,262 children enrolled in the first grade of the public schools of Alameda county during 1942-43, compared with 6,509 for 1939-40, California Taxpayers' association stated today, making public its preliminary forecast of school enrollments in California for the rest of the current decade. The school year 1939-40 is the low point since 1919-20 for state-wide first grade enrollments.

The 5,341 children born in the county during the calendar year 1933, together with migration, made up the first grade enrollments of 1939-40, six and one half years later, the association stated. Births during 1936, which formed the base for the 1942-43 first grade numbered 5,937 in the county. Births for 1941, the latest year for which data are available, total 8,916.

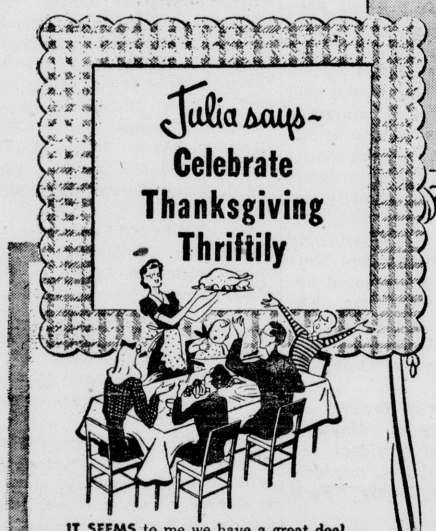
THE RED CROSS
Urgently needs Volunteer Workers. See Your local Red Cross Headquarters today for details on how you can help.



This list will help you plan your "best ever" Thanksgiving

Prices in this ad effective Tuesday through Saturday, November 23 to 27, inclusive, in San Francisco, Oakland, Alameda, Berkeley, Richmond, Hayward and other cities and towns in San Mateo, Alameda and Contra Costa Counties unless changes are required as a result of new OPA regulations.

IT SEEMS to me we have a great deal to be thankful for, this Thanksgiving season. Here on the home front we're all working hard to bring Victory closer, and we have the deep satisfaction of seeing that work beginning to bear fruit. It's quite proper and fitting that we should observe the hallowed occasion of Thanksgiving Day by preparing something out of the ordinary for a special meal.

But we need not be extravagant. There are dozens of little tricks that will turn an otherwise ordinary dinner into something very like a feast.

No matter what your "main dish" may be, these suggestions will help to pull your Thanksgiving dinner into the realm of a celebration:

"Carrotatoes"

Ever try this method of using potatoes, for instance? You cook and mash potatoes in the regular way. Then you take as much mashed carrots or rutabagas (also cooked and mashed in the regular way). Combine the two, and you have something attractive in color and pleasantly exciting in flavor. If you want, the mixture can be placed in a casserole and given a brief oven treatment.

And here is my recipe for a favorite Thanksgiving pudding:

THANKSGIVING CARROT PUDDING

Sift 1 1/4 cups enriched flour; measure; sift again with 1 tsp. soda, 1/4 tsp. salt, 1 tsp. cinnamon, and 1/2 tsp. cloves. Cream 1/4 cup shortening with 1 cup brown sugar, firmly packed; add 2 eggs and beat well. Dredge 1 cup grated, raw carrots, 1 cup grated, raw potatoes, 1 cup raisins, 1/2 cup finely chopped candied lemon peel (optional), and 1 cup finely chopped walnut meats in 1/2 cup of the flour mixture, and beat well; add fruit-nut mixture. Fill well-greased 1 1/2 qt. mold 3/4 full; cover tightly. Steam 3 hours or until done. Serve with lemon or hard sauce. Serves 10 to 12.

MOM, I HEARD OF A PLACE TODAY WHERE YOU CAN GET ALL THE BUTTER YOU WANT, AND THEY DONT ASK FOR A SINGLE RATION STAMP!
OF COURSE, YOU HAVE TO DRIVE QUITE A WAY, AND BE INTRODUCED... WHY, MOM!
YES, JANE, THAT MAKES ME VERY ANGRY!
DON'T YOU REALIZE THAT EVERY TIME RATIONED FOOD IS BOUGHT WITHOUT RATION STAMPS, SOME ONE WILL HAVE TO GO WITHOUT HIS FAIR SHARE?
THE GOVERNMENT IS RATIONING SCARCE FOODS SO ALL OF US CAN EAT WELL AND BE STRONG. AND THE ONLY WAY TO MAKE RATIONING WORK FAIRLY IS FOR EVERY ONE OF US TO PLAY SQUARE WITH RATION STAMPS!
I SEE WHAT YOU MEAN, MOM.
FOOD FIGHTS for Freedom

Mom Is a Good Citizen Fighting for Freedom!

Let's keep this fact constantly in mind: Rationing divides our limited supplies equally, so each of us can secure adequate nourishment. Play square with ration stamps.

THANKSGIVING

The man who lost his eyesight the other day when some fulminate of mercury exploded in a munitions plant will awaken one morning soon, and he will say to himself,

"This is Thanksgiving."

Then after a long while, as he thinks of his life in his new world of total and absolute darkness, he will say:

"Thank God I didn't lose my fingers or my legs or my ears or my mind. I can still do things that are useful. I can still hear beautiful music and inspiring or comforting words. I can still get up from my bed and walk about the earth and be a living part of it."

And a mother whose only son lies somewhere in the blackness of the Solomon seas will look once again at his picture on the dresser. And through her tears she will say,

"Thank God I had the joy of you for nineteen years. Thank God I will have the fullness of your memory to enrich all the days of my life."

And a little cripple who is so piteous that people look the other way as he passes by will squirm and twist himself into his best clothes this Thanksgiving morning, and he will say to himself:

"I will go to church, and I will listen to the organ and the choir, and I will get some new thoughts that will help me to forget my pain. And thank God for that!"

But those of us who have lost nothing we cherish may not know exactly how to be thankful this Thanksgiving—unless we look around us.. Let's be grateful that God is still in his Heaven, that we can see the stars on a clear night and walk in the sun on a warm day. Let's be grateful our Flag still flies over a free land. And let's be grateful in the thought that perhaps by the time another Thanksgiving Day rolls around our boys will be home again and peace will have come to our world.

AXIS AIR POWER WEAKENING

If there was any single factor that contributed most to Axis military success in the early days of the war, it was the enemy's preponderance of air power over our own. On Poland, France, Norway, Jugoslavia, Greece and other countries, the Axis air arm delivered the initial shattering blow that opened wide holes for the thrusts of tanks and infantry. Air superiority made those "blitz" campaigns successful in nine cases out of ten. Eventual loss of it finally dissipated the myth of Nazi invincibility.

The same was true of the war in the Pacific. Most of the early Japanese advances were accomplished under cover of a protective air umbrella which our forces lacked power to turn back. Just as the balance of air power gave the Japs temporary command of the sea as well as of the land, the steady growth of Allied air power is the major factor responsible for the recent successes scored against the Japanese.

In both Europe and Asia, the United Nations now hold the edge in the air that the Axis once had, an edge that has translated into hollow mockery Air Marshal Goering's boast that German cities would never be reached by Allied aircraft. From three directions today, the Nazis are experiencing the destruction they once rained on others, multiplied a hundredfold. But despite their best efforts, they are unable to halt the toll taken by Allied bombers. In October alone, Germany lost more than 600 planes, in addition to paralyzing damage to their war machine.

Japan, too, has the jitters over Allied air might. Once Tojo spoke enthusiastically about bombing America. Today, he speaks only of the desperate need for building a defense in preparation for smashing Allied air blows on the Japanese mainland. The October figures of 775 planes lost by the Nips add force to his warnings.

United Nations air power still is on the upswing, while the Axis air force continues to wane. It is clearly apparent that Axis production facilities are unequal to the task of replacing all the planes destroyed, or even matching the production of America alone. Among the experts it is a disputed question whether air power alone can blast the enemy to unconditional surrender. But the news shows plainly that our growing air supremacy will be a major factor in winning the final victory —and in destroying the Axis bandits who once hoped, by controlling the air, to control the world.

THE GRATEFUL ATTITUDE

The thing this war is teaching we stay-at-homes is to appreciate the simple things of life: a nourishing meal, a warm, safe home, a good bed to sleep in, work to do that satisfies us; enough gasoline in your car and good enough tires under it to enable you to go some place in case you have to.

You can't build a new house or buy a new car until the war is won; meantime the only "escape" one has is to invest in war bonds, which can be cashed in and used for any purpose desired by the owner after the war is over.

Although we know there is a war on, and we dread to read of the death and suffering not only of our own but of peoples as a whole, the war itself has scarcely touched us here in Washington Township. We are still at liberty to pursue our own private affairs about as we always have.

Public meetings have been somewhat curtailed (and that's a blessing); most of our businessmen are still doing business as best they may under wartime restrictions; our children go to school quite as usual. Grocery stores are still full of food and there is not a whisper of hunger anywhere. Our home front is secure and calm, thanks to the valor and might of our armed forces.

That dread feeling of "the blow may fall any minute" which every one felt just after the Pearl Harbor tragedy is now happily gone. Slowly and surely our forces are winning at every front; time and their own evil deeds are slowly and surely throttling both our enemies where they live.

When the end of this war comes it will come as suddenly as did the end of the last war. I have on my desk an editorial published in the all-knowing Army and Navy Journal on October 6, 1918 which begins: "There has sprung up in these United States a thoroughly foolish idea that Germany is going to be beaten by Christmas Day—Unless some miracle happens it is unthinkable that the war can be brought to an end this year."

The miracle did happen and the war was brought to an end just five weeks after that pessimistic editorial was written. This war will inevitably end just as suddenly and through causes now unnameable. Hitler has erected a house of cards which one day will come clattering down around his ears, sweeping him and his'n to their just doom.

The Japanese, those brown sons of ——have about as much chance as a snowball in the hot place once Germany is beaten and the British fleet can join our vast fleets in a sortie to smash up their homeland. It may not happen soon but it is as inevitable as the rising and setting of that familiar sun which God set in the heaven, the light of which we all enjoy.

Meantime, we can be calmly content with our lot in life, that we were born Americans and are now quite safe and well in the home front of California—giving due thanks to The Author of all grace.

THE "WHY" OF THE WAR CHEST CAMPAIGN

The men who are fighting our battles deserve the best we can offer in spare-time comfort and recreation America, since long before Pearl Harbor, has voluntarily upheld this policy—with the establishment and maintenance of USO.

With the army, navy and marine corps still increasing, USO has a bigger job than ever this year. Its operations, clubs and centers, troops in transit lounges, mobile serivce units—now total 2,392. They reach into every state and into western hemisphere bases from Alaska to Brazil. USO-Camp Shows, the largest live talent entertainment circuit in the history of the American theatre, follow our men right into war zones. The "home away from home" provides good service for our soldiers, sailors and marines.

Recreation must be provided for merchant seamen as well as our men of the army and navy. The United Seamen's Service provides for merchant mariners who guide vital supplies through submarine infested waters—what the USO provides for service men. In addition to supplying recreation facilities, the USS operates rest homes and hotels for the men of the merchant marine.

These three organizations, USO, USS, and War Prisoners Aid will receive support through our local war chest campaign. Fifty eight percent of the local funds allotted to national war-related agencies will go to the three services operating on behalf of America's fighting men.

PAMPER Your WATER HEATER!

He's a priceless old dear!

Heavens to Betsy...wouldn't it be awesome if your water heater quit you cold? Here are four ways, however, to pamper the old dear to keep him happily and faithfully yours for a long time.

1. CUT DOWN ON WASTEFUL USE OF HOT WATER. Think before you draw even a quart or two of hot water. Was it necessary? Make it snappy when you take a shower. Rinse dishes in a pan...NOT under a running faucet. Use less hot water for a tub bath.

2. DRAIN YOUR WATER HEATER REGULARLY. To drain, open the valve on your heater and run water into a bucket until clear of sediment. That's all.

3. KEEP YOUR WATER HEATER CLEAN. Brush off the burner occasionly.

4. DO NOT HEAT WATER TOO HOT! If your water heater has an adjustable thermostat, set it to 120 degress. It will be easier on your plumbing, too. Remember call your plumber or repair man only when absolutely necessary. They are busy people these days.
